Events will be offered in the following age categories:

Men: 18+, 30+, 40+, 50+, 60+

Women: 18+ (Additional age categories for women may be added for every 8 participants)

- LONG BOARD
- SHORT BOARD
- BODY BOARD
- STAND-UP PADDLE SURFING

OFFICIALS

Sport Coordinator: Coordinator should have knowledge of surf and surfing.

Judges: Minimum of three judges; preferably including an ISA official. The judges must have experience officiating surfing competitions. (Non-ISA officials must be approved by the WPFGF Director for surfing)

PERSONNEL

Spotter: A spotter may be used to assist the judges identifying the competitors in the water.

VENUE

Beach and ocean area conducive to waves capable of being surfed. Flexible site(s), such as a point in order to take advantage of surfing conditions each day of competition, are preferred.

MEDICAL

SURFING – 2019 – Page 2

Basic medical supplies, such as a first aid kit will be provided by the Host at each venue. Communications shall be available at each venue and preparations made in case it is necessary to summon emergency services.

EQUIPMENT

Flags: Red, green and yellow. These are used to signal event time to competitors in the water.

Colored jerseys: have 3 sets in at least 6 different colors. These are used to identify the competitors in the water.

Public address system: A public address system shall be used to communicate with the competitors.

Bracket board: The brackets must be displayed and updated on a large bracket board so that the competitors know when and against whom they are competing next.

Air Horns - 2

Judging Platform - During the competition the officials must be separated from the competitors. Judges work should not be scrutinized by competitors during competition. Any discussions regarding scoring will be directly with the Head Judge.

BRACKETING

Competitors will be bracketed into heats based on the number of entries per event. 6 person heats are preferred.

SCHEDULING

A minimum of two days of competition are required for this event.

As a general rule, Short Board and Body Board should be held on day 1. Long Board and SUP should be held on day 2. If three days are used, SUP and Body Board should be held on the final day. The schedule can be adjusted based on projections for the surf. Short Board should be held on the day projected to have the highest waves.

GENERAL SPORT RULES for Surfing

Long Board is a minimum of nine (9) feet.

Short Board design is unlimited.

SUP Board - No weight or length restrictions

- Single hull
- Stationary/non-correctional fins
- Fin box allowed

In SUP a single blade paddle must be used.

Knee Board shall not exceed five feet (5') in overall length, designed specifically to be kneeled on only.

Body (Boogie) Board will have the following attributes: 1) shall not exceed 5' in overall length; 2) shall be flexible and include some portion of soft exterior skin. *The use of fins (flipper) is optional.*

HEAT STRUCTURE:

Heats: Heats will be 15 minutes in duration with 5-minute extensions as necessary to allow for sufficient catchable waves. Finals will be 20 minutes in duration with minimum 5-minute extensions as necessary to allow for sufficient catchable waves

Unless the judges allow for water starts, heats will start from the beach with 1 blast of the horn. A yellow flashing light or flag marks 5 minutes remaining. The surfers from the next heat may then start paddling into position. They must be careful not to interfere with the surfers already in the water. Two horn blasts and the ceasing of the flashing yellow light or dropping of the flag mark the end of a heat. There will be a 30-second time delay between heats. Contestants must return to the beach in the prone position or paddle on their knees to the beach after the heat has ended with their jerseys on. Standing up after the heat ends is a 2.5 point penalty. Competitors must return the jersey to the beach marshal immediately having untied any knots in the jersey.

INTERFERENCE RULES:

RIGHT OF WAY: Wave possession or right of way in these situations will vary slightly under the following categories as determined by the nature of the contest venue. Basically it is the responsibility of the judge to determine which surfer has the inside position based on whether the wave is a superior right or left, but never on which surfer is first to their feet. If at the initial point of take-off neither the right nor left can be deemed superior, then the right of way will go to the first surfer who makes a definite turn in their chosen direction.

SURFING – 2019 – Page 4

Anyone who stands up in front of a surfer with right of way in non-one on one heats has the chance to ride or kick out of the wave without being called interference, unless they hinder the scoring potential of the surfer with right of way by any means. These include excessive hassling, leg rope pulling or breaking down a section.

INTERFERENCE PENALTY:

Under the 2 best wave format, the interfering surfer will be penalized with a loss of 50% of his second best scoring ride. The wave that the interference was called on by the majority of the judges will count in the final tally as a zero. This applies to a riding interference or a paddling interference, where the surfer catches that particular wave.

Any interfering surfer will be penalized and a drop-in decision is irrevocable once the decision has been made. All discussion regarding these decisions will be directly with the Head Judge.

The rider who is interfered with will be allowed an additional wave beyond their wave maximum, within the prescribed time limit. Exception to this is a double interference where neither surfer gets an extra wave.

Any surfer incurring two or more interference penalties will be disqualified from the event and they must immediately leave the competition area.

Any competitor who starts surfing while waiting for their heat, or continues to surf after their heat is over will lose 2.5 points (for each violation) from the total score on all judges' score cards if a majority of the judges agree.

SCORING

Heats - best 2 waves from a maximum of up to 10 waves ridden by each surfer.

Finals - best 2 waves from a maximum of up to 15 waves ridden by each surfer

A contestant will not be scored after reaching the maximum wave count.

The judges will score each ride from 0-10. The judging criteria shall be: "The surfer who executes the most radical maneuvers in a functional and stylish manner in the critical sections of the biggest wave for the longest functional distance will receive the highest score." The individual judge's scores should be consistent with one another.

Short Board Judging Criteria:

A surfer must perform radical controlled maneuvers in the critical sections of a wave with speed, power and flow to maximize scoring potential. Innovative/progressive surfing as well as variety of repertoire (maneuvers) will be taken into account when rewarding points for waves ridden. The surfer who executes these criteria with the maximum degree of difficulty and commitment on the waves shall be rewarded with the higher scores.

Long Board Judging Criteria:

A surfer must perform radical controlled maneuvers in the critical sections of a wave with speed, power and flow to maximize scoring potential. A good blend of classic and modern long board surfing, Innovative/progressive surfing as well as variety of repertoire (maneuvers) will be taken into account when rewarding points for waves ridden. The surfer who executes these criteria with the maximum degree of difficulty and commitment on the waves shall be rewarded with the higher scores.

Stand-Up Paddle (SUP) Surfing Judging Criteria:

A surfer must demonstrate board handling skills in the transition phase (end of one wave paddling to the next wave) and surfing phase of their performance. A surfer must perform radical controlled maneuvers, using the paddle as a key tool, in the critical sections of a wave with speed, power, and flow to maximize scoring potential. Innovative/progressive surfing as well as variety of repertoire, wave negotiation, and the use of the paddle to increase the intensity of the maneuvers, will all be taken into account when awarding points for SUP. The SUP surfer who executes these criteria with the maximum degree of difficulty and commitment on the waves will be rewarded with the higher scores.

AWARDS

A maximum of 24 sets of medals (1st through 3rd place) will be required. *If either of the optional events are contested an additional maximum 6 sets of medals will be needed per event.*
