OFFICIALS

Sport Coordinator

A minimum of one official will be needed for each field being used. Officials usually are the Trap Club Board Members or current members of the ATA belonging to the Trap Club.

PERSONNEL

One scorer/puller for each field used.

2 - 3 tabulators/posters.

MEDICAL

Basic medical supplies, such as a First Aid Kit, will be provided by the Host at each venue. Communications must be available and preparations in place to summon additional emergency services.

FACILITY

An ISSF/ATA approved Trap Range with a minimum of six (6) Trap fields (more fields are preferred.) The venue should have extra trap machines available in event of a breakdown or malfunction.

EQUIPMENT

Score Sheets ISSF/ATA score sheets

Targets: Clay pigeons, extras in case of ties

Shotguns: Provided by competitor, this is a twelve gauge event open to all guns of 12 gauge or smaller.

Ammunition: Meets ISSF/ATA standards, provided by competitor. [Reloaded ammunition is acceptable; provide it does not exceed ISSF/ATA specifications.] It is recommended that ammunition be available for sale at the venue.

SCHEDULING

This Sport will take all day to run, usually from 0800 hours to 1830 hours, depending on the number of traps available and squads entered. Trap will normally be held following the Skeet event.

The 16 yard event should start at 0800 hours. The 22 yard event will follow (usually around the lunch break, depending on the number of trap fields being used). After the 22 yard event is concluded, the Doubles event will start. At the conclusion of the Doubles event, all shoot-offs will be held. Usually the shoot off's start with doubles since the traps are set up for this event.

TRAP – 2019 - Page 3

Squadding of the teams and individuals will be done the day prior to the Trap competition or with the WPFGE Director and Trap Coordinator at the Bracketing meeting. All members of a 5-person team will shoot together throughout the event. Individual shooters will be grouped together to form additional squads.

The draw shall be made in an unbiased manner. Names of squads will be placed in a container and drawn by a disinterested party with team representatives (as many as possible) being present, or by the WPFGE Director and Trap Coordinator during the Bracketing meeting.

The first draws shall be placed in the 0800 hours time slot. When using 8 fields, squads drawn into odd numbered slots (1, 3, 5, 7, etc...) will use the odd numbered Traps (1, 3, 5 & 7) and squads drawn into even numbered slots (2, 4, 6, 8, etc...) will use the even numbered Traps (2, 4, 6 & 8). The other squads will follow ever 12 to 15 minutes depending on how fast the previous squads shoot. For the 22 yard event, squads drawn into odd numbered slots go to even traps and squads drawn into even numbered slots use the odd numbered traps.

When a team is missing a shooter at their scheduled time, the team will be moved to the end of the squadding sheet. If at that time the team is still missing a shooter, the team will be disqualified from the Team Event and the shooters who are present will be eligible only for the Individual Event.

All competitors should be on-site one (1) hour prior to their scheduled time to help move the event on in an orderly/timely fashion.

CLASSIFICATIONS

Shooter classifications will generally follow the ISSF/ATA guidelines for determining classification, with the exception that the WPFGE only offers three categories for competition, A, B, and C divisions.

Competitors and teams will be placed in these divisions based on the following criteria:

16 Yards:

- An ISSF/ATA average of 94.00 or higher will shoot in A Division.
- An ISSF/ATA average of between 88.0 and 93.99 will shoot in B Division.
- An ISSF/ATA average of less than 88.0 will shoot in C Division

22 Yards:

- An ISSF/ATA average of 88.00 or higher will shoot in A Division.
- An ISSF/ATA average of between 80.00 and 87.99 will shoot in B Division.
- An ISSF/ATA average of less than 80.0 will shoot in C Division

Doubles:

- An ISSF/ATA average of 89.00 or higher will shoot in A Division.
- An ISSF/ATA average of between 82.0 and 88.99 will shoot in B Division.
- An ISSF/ATA average of less than 82.0 will shoot in C Division

For 16 Yard, 22 Yard, and Doubles:

TRAP – 2019 - Page 4

- Competitors who do not have a current ISSF/ATA average card, but have previously competed in the World Police and Fire Games will be assigned to A, B, or C Division based on their previous performance in these events. This includes competitors who have competed in B Division and won medals with a score that would qualify them for A Division or C Division and won medals with a score that would qualify them for A or B Division.

If competitors do not possess a current ISSF/ATA average card or who have not previously competed in the World Police and Fire Games will be assigned to A, B, or C Division based on the following:

- The competitor will be classified on the 100 Individual Event targets in each specific event. The high and low scores will be disregarded, only for the purpose of classifying the shooter, and the two (2) remaining scores will be doubled. The doubled score will give the competitor a Classification based on the below listed Divisions. The Classification that is established will be used from that point forward or until the competitor obtains a current ISSF/ATA average card.
- Competitors who do not possess a current ISSF/ATA average card and who previously qualified for A, B, or C Division may be reclassified if their scores for the 2 previous World Police and Fire Games events in which they competed would qualify them for the specific division.
- Known ability – If a competitor or team is known to qualify for either A, B, or C Division based on witnessed past performance they will be placed according to that ability.
- Competing in a Higher Class - Any individual or team may elect, before firing, to compete in a higher classification than the one in which classified. Such individual or team must fire in such higher class throughout the tournament and not revert to earned classification for any event in that tournament.
- Classification Appeals - Any competitor or team having reason to believe that they are improperly classified may file an appeal with the WPFGE Director stating all essential facts. Any such appeals must be filed prior to the start of competition. The WPFGE Director will make the final determination as to the classification.
- Classification Protests - Any person or team who believes that another competitor has been improperly classified may file a protest with the WPFGE Director stating all essential facts. Any such protests must be filed prior to the start of competition. The WPFGE Director will make the final determination as to the classification.

Any variances to classification must be approved by the WSPFG Federation Director for Skeet.

All Trap Events:

TRAP – 2019 - Page 5

- A combined ISSF/ATA average for the 16 yard, 22 yard, and doubles event of 271.00 or higher will shoot in A Division.
- A combined ISSF/ATA average for the 16 yard, 22 yard, and doubles event of between 250.0 and 270.99 will shoot in B Division.
- A combined ISSF/ATA average for the 16 yard, 22 yard, and doubles event of less than 250.0 will shoot in C Division.

Team Classification:

Classification for team events shall be the combined average of team member's scores, carried to the second decimal place (i.e. - .95.25) and then divided by 5. Standard rounding procedures will be used to calculate the team's average. Calculate the average to 3 digits and rounding to the 2nd digit, and if the 3rd digit is greater than or equal to 5, then the 2nd digit will be rounded up.

SCORING

Singles: Aggregate score

Team: The team score is the aggregate of the team member's individual scores.

All Trap Events: A competitor's total aggregate score of their 16, 22 yard and Doubles events. A competitor must compete in the 16, 22 yard, and Doubles events to be eligible for All Events.

16 yard Event: Each shooter attempts 100 clay birds

22 yard Event: Each shooter attempts 100 clay birds

Double Event: Each shooter attempts 100 clay birds

SHOOT-OFF RULES FOR TIES:

Unless mutually agreed upon by all competitors involved in a tie, ties for medal positions will be resolved using the ISSF method of shoot-offs.

RESULTS TO WPFGE DIRECTOR

The SCORES OF ALL INDIVIDUAL EVENT(S) COMPETITORS ARE KEPT by the WPFGE for data entry into the Classification computer program used from Games to Games. The Sport Coordinator shall be responsible for the MANDATORY SUBMISSION of all Individual event(s) scores in this sport to the WPFGE Director for Trap. This should be done immediately upon the conclusion of the sport, and in no case later than 14 days after the conclusion of the Games.

AWARDS

A maximum of sixty-one (61) sets of medals (1st through 3rd place) will be required. WPFGE will advise you of the number of sets needed based on total entries, plus a reasonable margin.
